

Visiting Sunday Lunch Options

Visiting Sunday is a grand tradition that spans many generations. Following our visiting Sunday mass, families often enjoy a meal together. You are invited to decide how your family would like to plan your day. Some families bring a picnic lunch, others go out to a local restaurant or you may choose to get lunch at one of our food trucks. This will be our first year of offering food trucks as an option and we hope to have several options but that may vary from session to session. The Kona Ice truck will be back to provide some cool treats for us.

Most of our campers will have guests and will have lunch with their visitors. Campers who do not have guests will eat lunch with the camp staff and will be supervised by camp staff during visiting hours.

If you plan to go out for lunch, here are some local restaurants that you may wish to consider for lunch, all of these are located on Cobb Island, just a few miles from CSC.
