

## **Camp St. Charles 2022 Campership Application Process Checklist**

- Complete Campership Application\* – Parts of application that are commonly missed: Session number (pg 1), The amount you are able to pay towards tuition (pg 2). A letter explaining your need for tuition assistance (pg 3). Please explain your financial situation and how your child would benefit from camp.
  
- Attach/provide credit card information for deposit (\$200). If we are unable to help with the campership request, we will not process the deposit.
  
- Attach a letter of reference (no family members). This letter should explain how your child would benefit from camp attendance. This is a character reference letter for your camper—not evidence of financial need for the family.
  
- Mail the completed application, \$200 deposit, and letter of reference in **one mailing** to:  
Camp St Charles Registrar, Sheri Belisle 9692 Meadowview Drive, Newburg, MD 20664

\*You can register and pay the deposit online but will still need to complete the campership packet in full to be considered for the campership program.

Returning Campership Applicants are encouraged to submit the complete campership application by **December 1st**. It is helpful to us to have ALL campership applications by **April 1st**. Applications received later in the spring may take significantly longer to process as that is our busiest season.

☺ Once the **complete** campership application is received, Camp will review it and contact you with any questions (if any). Camp will email you with a decision shortly. If you do not hear from us within a few weeks, please email me at registration @campstcharles.org to confirm we have received it.

Parents may attach a recent physical that is recorded on a different form if the Doctor's signature, date of exam and statement of general health are included. Pages 1-3 of the Camp St. Charles health form must be completed for all campers annually.
- **Campers must have had a physical within the last 24 months to attend camp.** We highly recommend an annual physical and **require an annual physical for any camper with a health condition** such as diabetes, history of seizures, asthma, other health concerns, etc. at the discretion of the camp director.
- Campers who require medication must be familiar with the medications and dosage that they will be taking while attending camp.
- It is very important that you fully disclose all emotional, physical and psychological problems that your child has or has had in the past. We can better help your child have a successful camp experience if we have all the information.
- **The health form and information regarding medical treatment at camp is available for download at [campstcharles.org](http://campstcharles.org).**
- If you have any concerns about your child's health needs, contact Camp St. Charles.

### **COVID PRE-ARRIVAL AND SCREENING REQUIREMENTS (Subject to change per health department guidance)**

- Keeping our campers safe and healthy is our top priority at camp. All staff members will be screened regularly and many layers of Covid mitigation will continue at camp with additional sanitizing with an approved disinfectant, additional handwashing and hand sanitizing stations and use of masks by campers and staff when interacting with others outside their cabin cohort group. The cabin group will be the cohort group and campers will enjoy their activities, free time and cabin time with their cohort group, maximum of 13 campers total per cohort group.
- Masks cannot safely be worn while campers are sleeping, swimming or during periods of extreme heat, though masks will be used whenever campers are near those outside of their cohort and when indoors for meals and arts & crafts.
- Campers will be screened for Covid symptoms and fever upon arrival at camp. If a camper has been in close contact to any person with Covid or suspected Covid, they must not come to camp until they have quarantined for 10 days or have been cleared by health department guidelines.

Prior to arrival on check in day at camp, each camper will need to provide a negative Covid-19 PCR test conducted by a medical facility (no home test kits) dated within 72 hours of arrival at camp.

**WE WILL BE UTILIZING A KISS AND RIDE STYLE DROP OFF. PARENTS ARE ASKED TO REMAIN IN THE CAR AND CAMP STAFF WILL ASSIST CAMPERS WITH GETTING TO AND SETTLING INTO THEIR BUNKS.**

### **PHONE**

- One of the major benefits that children receive from residential summer camp is an increase in independence
- We feel that phone calls between parents and children can interfere in this development of self-reliance. Campers may not use the phone. Exceptions may be made in case of emergency. Please review the procedures for sending email and mail to campers.
- If you would like reassurance about how your child is doing, we would be happy to check with his or her counselors and let you know. Campers are not permitted to bring cell phones to camp.

### **MAIL AND E-MAIL FOR CAMPERS**

- Mail received at camp after a camper's return home will be returned to sender.
- Parents are encouraged to provide envelopes, stationary, postcards and postage so that you can hear from your child during their stay at camp.
- Children love to receive packages at camp. Parents may leave letters and ONE package with camp staff during check-in. Due to the shortened sessions and slow mail, we strongly recommend that parents do not attempt to send mail or packages to camp. Avoiding the mail will also help our staff to limit contact with others during camp. Individually wrapped snacks are allowed.
- You may send emails to your camper via **Bunk1.com**. More information about this service is available on the website. This service also allows you to see photos of your child at camp.

### **PHOTOS**

Our camp photographer will take many daily photos of our campers. The photos are available to view on [bunk1.com](http://bunk1.com). Please use your bunk1 account information to access the photos and to save your favorites. Photos are uploaded overnight and new albums will be posted in the morning. Rainy weather may impact our internet access and delay the posting of photos. Every effort is made to upload photos daily and promptly. Some campers do not enjoy having their photo taken. We will do our best to capture some moments of each camp day without interrupting the fun.

### **VISITING (WE HOPE TO RESUME VISITING IN 2022)**

- Visitors may be required to provide proof of COVID vaccination or negative COVID test. Requirements are subject to any mandates in place at the time of your visit. Further details will be provided at a later date.
- During the camping season, we can only accommodate visitors on Visiting Sundays.
- Visiting Sunday is the Sunday midway through each two week session.
